DOE Issues Notice of Proposed Rulemaking for Hearth Products Standards

The Department of Energy has issued a [pre-publication](#) *Federal Register* notice of proposed rulemaking and public meeting for energy conservation standards for hearth products. (January 28, 2015) DOE will host a public meeting on March 4, 2015.

- To participate in the public meeting via webinar, please click [here](#) on the day of the meeting.
- Find more information on the [rulemaking](#), including milestones, statutory authority, rulemaking documents, and any other related rulemakings.
- All notices, public comments, public meeting transcripts, and supporting documents associated with this rulemaking are included in Docket No. [EERE-2014-BT-STD-0036](#).
- Learn [how to participate](#) in the public meeting/webinar scheduled for March 4, 2015.
- Find information about [how to comment](#) on the rulemaking. The public comment period closes 60 days after publication in the *Federal Register*.
- Find [product information](#) about current standards and test procedures; recent product updates; waivers, exceptions, and exemptions; the statutory authority; historical information; and contact information.

This email is part of an effort by the Department of Energy to notify all interested persons of recently issued *Federal Register* notices and other significant program developments under the [Appliance and Equipment Standards Program](#). By following the link provided below, you may change your Subscriber Preferences to remove your email address from the product-specific lists being used by DOE under this program.

This service is provided to you by the U.S. Department of Energy's [Office of Energy Efficiency and Renewable Energy](#) (EERE).
